

Absolute Configuration of a Tetrahydrophenanthrene from *Heliotropium ovalifolium* by LC-NMR of its Mosher Esters

David Guilet,[†] Alain Guntern,[†] Jean-Robert Ioset,[†] Emerson F. Queiroz,[†] Karine Ndjoko,[†]
Chris M. Foggin,[‡] and Kurt Hostettmann^{†,*}

Figure summarizing the alkannin biosynthetic pathway and the alternative postulated biosynthesis of heliophenanthrone.
