Alkali Phthaloylphosphides: Easily-Prepared Phosphide Reagents for Coordination and Main-Group Chemistry

Ryan C. Nelson, Jeffrey B. Johnson, David J. Congdon, Jonathan H. Nedrelow, and Brian A. O'Brien,* Department of Chemistry, Gustavus Adolphus College, Saint Peter, MN 56082

Supporting Information: A detailed diagram of the reaction vessel used for preparation of the phthaloylphosphides.

Schlenk Apparatus for Preparation of Alkali Phthalylphosphides
